

Midwest Physical Therapy offers a patient referral incentive program. We value our patients, their experiences and opinions of our clinic/staff, and would like to reward you for sharing your experiences at Midwest Physical Therapy with you friends and family.

How do you become a part of this? Print out a few of our "Referral Cards", fill your name out on them, and then hand them out while you tell others about us! Ask them to present the card at their first visit, and goodie bags, gift cards and exercise equipment are some of the rewards you can look forward to.

Thanks for helping us with spread the word about our clinic!
